British Made Goods—Canadian Designs

THE English Sanitary Fixtures illustrated in this small catalogue are made at our potteries in Staffordshire, and have been specially designed to meet Canadian requirements.

Manufacturing Experience Unequalled

As the oldest, and probably the largest, manufacturers of Sanitary Wares and Fittings exclusively, our experience is unequalled in regard to the production of such goods, and fixtures bearing the name "TWYFORDS" and the well-known trade mark  are universally recognised as representing the very best obtainable.

Durability combined with fine Appearance

In selecting sanitary goods the question of durability, although of the utmost importance, is often overlooked, and as large quantities of ware and fittings are produced without regard to their lasting qualities—so long as they look attractive when new—it is very advisable to specify and insist on fixtures made by a firm upon whose guarantee reliance can be placed.

Our Goods carry full Guarantee

Our wares, marketed under the names "CV", "Adamant" and "Vitrina" are guaranteed not to craze or peel, and we undertake to replace without charge any article made by us which may prove defective within a reasonable time.

Prices are keenly Competitive

Formerly the importation of our products into Canada was restricted by reason mainly of transport difficulties, but the removal of these now enables us to sell at competitive prices throughout the Dominion.

Plant Capacity—Agency Arrangements

Our manufacturing and distributing facilities are such that we are in a position to ensure satisfaction being given to all clients, at whose disposal our services are gladly placed. For List of Canadian Agencies see Title Page.

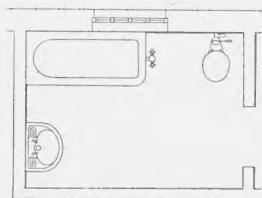

TWYFORDS' SANITARY FIXTURES

No. JL 9 TWYFORDS' BATHROOM SUITE, comprising:—

- | | | |
|--------------|-------------------|---|
| Bath | No. JL 69 | "Athena" Bath in "Adamant" Porcelain, white enamelled inside, on roll and on base, unglazed out, 5' 6" long overall, with fittings as described on page 3. |

as described on page 41

Minimum size of Bathroom 10' × 7'

Catalogues and Prices of Wall and Floor Tiles, Paving Quarries, etc., on request

TWYFORDS' SANITARY FIXTURES

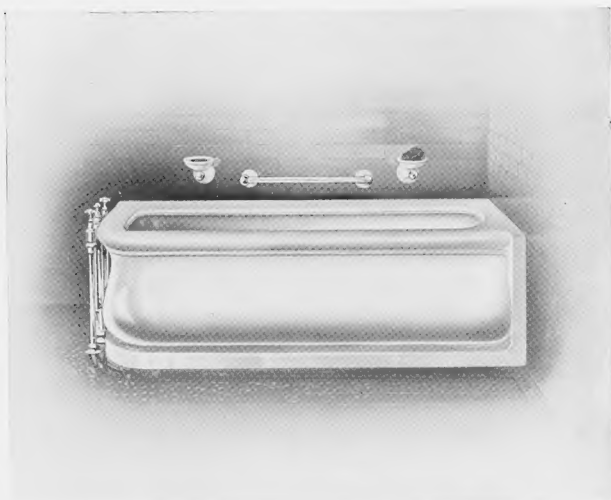

No. JL 9 Bathroom

ESTIMATES and suggestions for complete bathrooms, including tiling or marble work for walls and floors, will be submitted on receipt of particulars as to space at disposal. The above illustration represents a bathroom interior with high grade fixtures, such as would be well suited for the better class apartment house.

For detailed specification see opposite page

TWYFORDS' SANITARY FIXTURES

No. JL 69 "Athena"

No. JL 69 TWYFORDS' "ATHENA" BATH in "Adamant" Porcelain, white enamelled inside, on roll and on base, unglazed outside, with nickel plated fittings, including $\frac{3}{4}$ " compression valves, bell supply, and 2" pull-up waste with overflow.

Dimensions

Bath	6' 4"	long	×	2' 8"	wide	×	1' 10"	deep, overall sizes
"	5' 10"	"	×	2' 8"	"	×	1' 10"	" " "
"	5' 6"	"	×	2' 6"	"	×	1' 10"	" " "
"	5' 0"	"	×	2' 6"	"	×	1' 10"	" " "

This bath, which can be supplied white enamelled in and out, is also made for opposite corner. Similar patterns can be had with both ends exposed, or with ends squared to fix between walls.

For roughing-in measurements see page 46

TWYFORDS' SANITARY FIXTURES

No. JL 70 "Verona"

No. JL 70 TWYFORDS' "VERONA" BATH in "Adamant" Porcelain, white enamelled inside, on roll and on base, unglazed outside, with nickel plated fittings, including $\frac{3}{4}$ " compression valves, bell supply, and 2" pull-up waste with overflow.

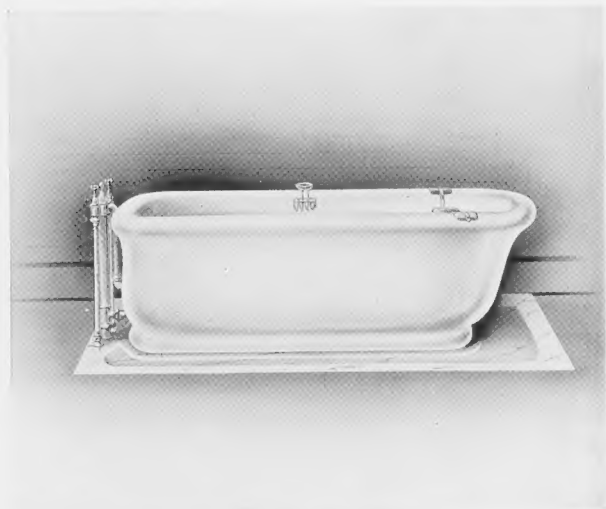

Dimensions

Bath 6' 0" long \times 2' 6" wide \times 1' 10" deep, overall sizes
 " 5' 6" " \times 2' 6" " \times 1' 10" " " "

This bath, which can be supplied white enamelled in and out, is also made to suit fittings in centre at back, instead of end.

For roughing-in measurements see page 46

TWYFORDS' SANITARY FIXTURES

No. JL 71 "Romano"

No. JL 71 TWYFORDS' "ROMANO" BATH in "Adamant" Porcelain, white enamelled inside, on roll and on base, unglazed outside, with nickel plated fittings, including $\frac{3}{4}$ " compression valves, bell supply, and 2" pull-up waste with overflow.

Dimensions

Bath 6' 0" long \times 2' 6" wide \times 1' 8" deep, overall sizes
" 5' 6" " \times 2' 6" " \times 1' 8" " " "

This bath, which can be supplied white enamelled in and out, is also made 1' 10" deep.

For roughing-in measurements see page 46

TWYFORDS' SANITARY FIXTURES

No. J L 2 "Granville" Chinaware

No. J L 802 "Elgin" Porcelain

No. J L 2 TWYFORDS' "GRANVILLE" PEDESTAL LAVATORY in "CV" Chinaware, with nickel plated $\frac{1}{2}$ " quick compression faucets having china lever handles; nickel plated $1\frac{1}{4}$ " pull-up waste and overflow fitting, attachment for securing pedestal to floor.

No. J L 802 TWYFORDS' "ELGIN" PEDESTAL LAVATORY as above, but in white enamelled "Adamant" Porcelain.

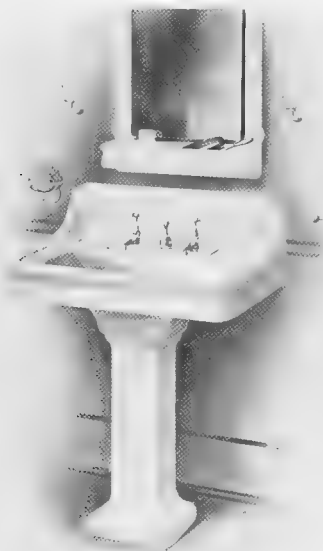

Dimensions

Overall	...	30" x 24"
Bowl	...	20" x 16"

These lavatories can also be supplied with various other patterns of faucets and waste fittings.

For roughing-in measurements see page 47

TWYFORDS' SANITARY FIXTURES

No. JL 860 "Abingdon" Porcelain

No. JL 860 TWYFORDS' "ABINGDON" PEDESTAL LAVATORY in white enamelled "Adamant" Porcelain, with nickel plated $\frac{1}{2}$ " quick compression faucets having china lever handles; nickel plated $1\frac{1}{4}$ " pull-up waste and overflow fitting; enamelled iron wall supports; attachment for securing pedestal to floor.

Dimensions

Overall	Bowl	Skirting
30" x 22"	24" x 15"	6"
26" x 20"	20 $\frac{1}{2}$ " x 12"	6"

This lavatory can also be supplied with various other patterns of faucets and waste fittings.

For roughing-in measurements see page 47

TWYFORDS' SANITARY FIXTURES

No. JK 5 "Cadogan" Chinaware

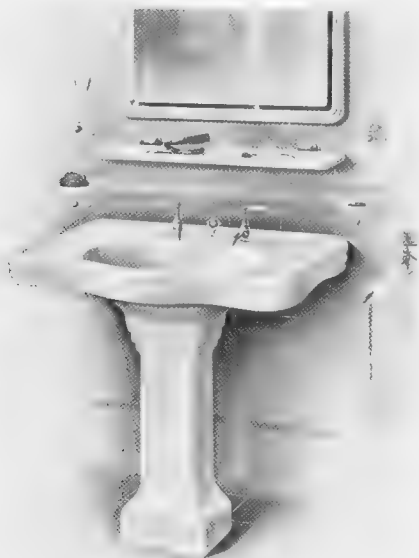

No. JK 5 TWYFORDS' "CADOGAN" PEDESTAL LAVATORY in "CV" Chinaware, with nickel plated $\frac{1}{2}$ " compression faucets; nickel plated $1\frac{1}{4}$ " "Sola" Waste and overflow fitting, attachment for securing pedestal to floor.

Dimensions

Overall	...	30" x 24"
Bowl	...	20" x 16"

This lavatory can also be supplied with various other patterns of faucets and waste fitting.

TWYFORDS' SANITARY FIXTURES

No. JK 7 "Desmond" Chinaware

No. JK 808 "Edinburgh" Porcelain

No. JK 7 TWYFORDS' "DESMOND" PEDESTAL LAVATORY in "CV" Chinaware, with nickel plated $\frac{1}{2}$ " quick compression faucets having china lever handles; nickel plated $1\frac{1}{4}$ " "Elro" Waste and overflow fitting; enamelled iron wall supports; attachment for securing pedestal to floor.

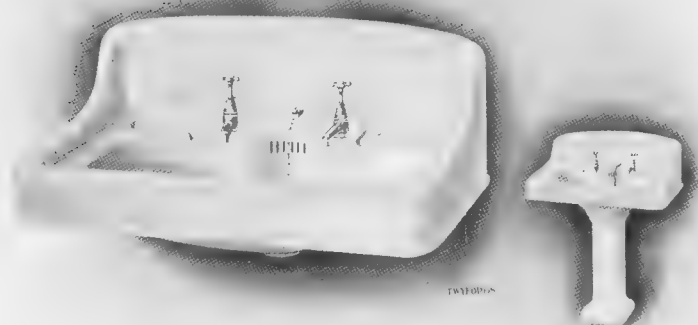

No. JK 808 TWYFORDS' "EDINBURGH" PEDESTAL LAVATORY as above, but in white enamelled "Adamant" Porcelain.

Dimensions

Overall	...	30" x 24"
Bowl	...	21" x 15"

These Lavatories can also be supplied with various other patterns of faucets and waste fittings.

TWYFORDS' SANITARY FIXTURES

No. JL 90

Chinaware

No. JL 91

No. JL 90 TWYFORDS' LAVATORY in "CV" Chinaware, with "Combined" overflow; nickel plated $\frac{1}{2}$ " compression faucets; nickel plated $1\frac{1}{4}$ " waste fitting with rubber plug; cast iron concealed brackets.

No. JL 91 TWYFORDS' LAVATORY as above, but, with chinaware pedestal as inset. The necessary enamelled iron wall supports, also attachment for securing pedestal to floor, are included.

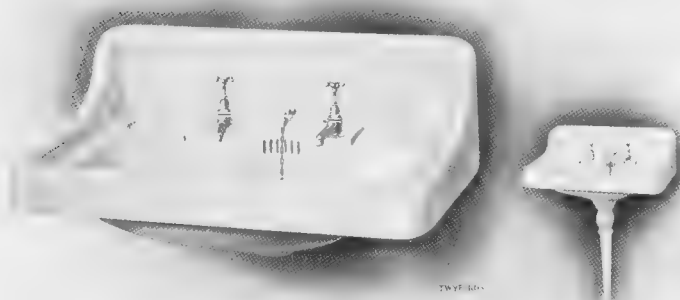

Dimensions

Overall	...	27" x 19"
Bowl	...	21" x 13"
Skirting	...	8 $\frac{1}{2}$ "

These lavatories can also be supplied with various other patterns of faucets and waste fittings.

For roughing-in measurements see page 48

TWYFORDS' SANITARY FIXTURES

No. JL 92

Chinaware

No. JL 93

No. JL 92 TWYFORDS' LAVATORY in "CV" Chinaware, with "Combined" overflow; nickel plated $\frac{1}{2}$ " compression faucets; nickel plated $1\frac{1}{4}$ " waste fitting with rubber plug; cast iron concealed brackets.

No. JL 93 TWYFORDS' LAVATORY as above, but with chinaware leg as inset. The necessary enamelled iron wall supports are included. Made in sizes $27'' \times 19''$ and $25'' \times 18''$ only.

Dimensions		
Overall	Bowl	Skirting
$27'' \times 19''$	$21'' \times 13''$	$7\frac{1}{2}''$
$25'' \times 18''$	$19'' \times 12''$	$7\frac{1}{2}''$
$22\frac{1}{2}'' \times 16''$	$16\frac{1}{2}'' \times 10''$	$7\frac{1}{2}''$

These lavatories can also be supplied with various other patterns of faucets and waste fittings.

For roughing-in measurements see page 48

TWYFORDS' SANITARY FIXTURES

No. JL 94

Chinaware

No. JL 95

No. JL 94 TWYFORDS' LAVATORY in "CV" Chinaware, with "Combined" overflow; nickel plated $\frac{1}{2}$ " compression faucets; nickel plated $1\frac{1}{4}$ " waste fitting with rubber plug; cast iron concealed brackets.

No. JL 95 TWYFORDS' LAVATORY as above, but with chinaware leg as inset. The necessary enamelled iron wall supports are included. Made in sizes 27" x 19" and 25" x 18" only.

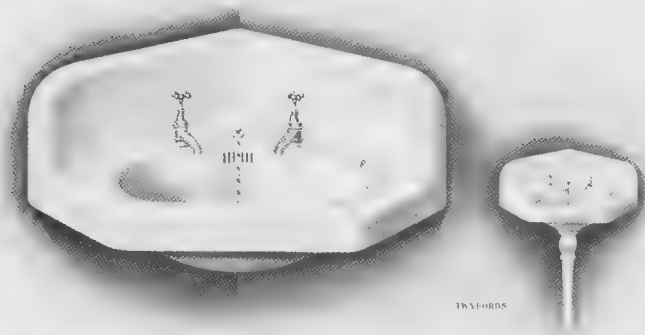

Dimensions

Overall	Bowl	Skirting
27" x 19"	19" x 12 $\frac{1}{2}$ "	7 $\frac{1}{2}$ "
25" x 18"	17" x 11 $\frac{1}{2}$ "	7 $\frac{1}{2}$ "
22" x 16"	16" x 10"	7 $\frac{1}{2}$ "

These lavatories can also be supplied with various other patterns of faucets and waste fittings.

For roughing-in measurements see page 48

TWYFORDS' SANITARY FIXTURES

No. J L 96

Chinaware

No. J L 97

No. J L 96 TWYFORDS' LAVATORY in "CV" Chinaware, with "Combined" overflow; nickel plated $\frac{1}{2}$ " compression faucets; nickel plated $1\frac{1}{4}$ " waste fitting with rubber plug; cast iron concealed brackets.

No. J L 97 TWYFORDS' LAVATORY as above, but with chinaware leg as inset. The necessary enamelled iron wall supports are included. Made in sizes $30'' \times 22''$ and $27'' \times 20''$ only.

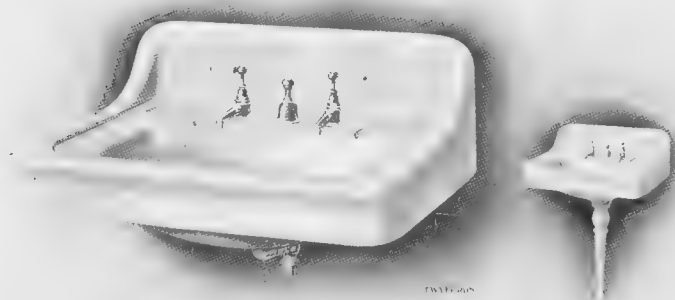

Dimensions

Overall	Bowl	Skirting
$30'' \times 22''$	$17\frac{1}{2}'' \times 13\frac{1}{2}''$	$7\frac{1}{2}''$
$27'' \times 20''$	$15\frac{1}{2}'' \times 11\frac{1}{2}''$	$7\frac{1}{2}''$
$24'' \times 18''$	$13'' \times 10''$	$7\frac{1}{2}''$

These lavatories can also be supplied with various other patterns of faucets and waste fittings.

For roughing-in measurements see page 49

TWYFORDS' SANITARY FIXTURES

No. J.L. 861

Porcelain

No. J.L. 862

No. J.L. 861 TWYFORDS' LAVATORY in white enamelled "Adamant" Porcelain, with nickel plated $\frac{1}{2}$ " quick compression faucets having china lever handles; nickel plated $1\frac{1}{4}$ " pull-up waste and overflow fitting; cast iron concealed brackets.

No. J.L. 862 TWYFORDS' LAVATORY as above, but with porcelain leg as inset. The necessary enamelled iron wall supports are included.

Dimensions

Overall	Bowl	Skirting
26" x 20"	20 $\frac{1}{2}$ " x 12"	6"
24" x 18"	18 $\frac{1}{2}$ " x 10 $\frac{1}{2}$ "	6"

These lavatories can also be supplied with various other patterns of faucets and waste fittings.

For roughing-in measurements see page 49

TWYFORDS' SANITARY FIXTURES

No. JL 863

Porcelain

No. JL 864

No. JL 863 TWYFORDS' LAVATORY in white enameled "Adamant" Porcelain, with nickel plated $\frac{1}{2}$ " quick compression faucets having china lever handles; nickel plated $1\frac{1}{4}$ " pull-up waste and overflow fitting; cast iron concealed brackets.

No. JL 864 TWYFORDS' LAVATORY as above, but with porcelain leg as inset. The necessary enamelled iron wall supports are included.

27" x 19"	21" x 13"	3 $\frac{1}{2}$ "
25" x 18"	19" x 12"	3 $\frac{1}{2}$ "
22" x 16"	16 $\frac{1}{2}$ " x 10"	3 $\frac{1}{2}$ "

This lavatory can also be supplied with various other patterns of faucets and waste fittings.

For roughing-in measurements see page 51

TWYFORDS' SANITARY FIXTURES

No. JL 1331 Porcelain

No. JL 1331 TWYFORDS' LAVATORY RANGE in white enamelled "Adamant" Porcelain, with overlapped joints; nickel plated $\frac{1}{2}$ " compression faucets; nickel plated $1\frac{1}{4}$ " pull-up waste and overflow fittings; cast iron concealed brackets.

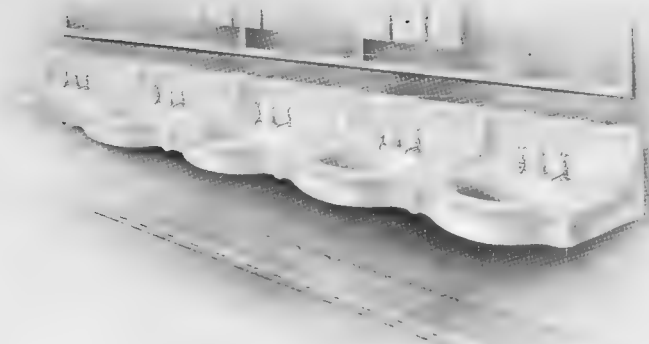

Dimensions

Overall	Bowl	Skirting
26" x 20"	20 $\frac{1}{2}$ " x 12"	6"
24" x 18"	18 $\frac{1}{2}$ " x 10 $\frac{1}{2}$ "	6"

This lavatory range, which can be supplied to accommodate any desired number of persons, can also be had with various other patterns of faucets and waste fittings.

For roughing-in measurements see page 52

TWYFORDS' SANITARY FIXTURES

No. JL 1332 Porcelain

No. JL 1332 TWYFORDS' LAVATORY RANGE in white enamelled "Adamant" Porcelain, with overlapped joints; nickel plated $\frac{1}{2}$ " compression faucets; nickel plated $1\frac{1}{4}$ " pull-up waste and overflow fittings; cast iron concealed brackets.

Dimensions

Overall	Bowl	Skirting
26" x 20"	19" x 12"	6"
24" x 18"	17" x 10 $\frac{1}{2}$ "	6"

This lavatory range, which can be supplied to accommodate any desired number of persons, can also be had with various other patterns of faucets and waste fittings.

For roughing-in measurements see page 52

TWYFORDS' SANITARY FIXTURES

No. JL 1

No. JL 7

No. JL 1 TWYFORDS' DRINKING FOUNTAIN in white enameled "Adamant" Porcelain, with nickel plated fittings including self-closing nozzle, outlet grating, $\frac{1}{2}$ " control valve, and $1\frac{1}{4}$ " galvanized waste pipe with union.

No. JL 7 TWYFORDS' DRINKING FOUNTAIN in white enameled "Adamant" Porcelain, with nickel plated fittings including self-closing nozzle, outlet grating, $1\frac{1}{4}$ " "P" trap and $\frac{1}{2}$ " control valve with wall flanges.

Dimensions

No. JLI 12" diameter at top \times 30" high, overall sizes.

No. JL 7 15" wall to front \times 12" wide \times 7" deep overall sizes.

Designs and particulars of drinking fountains arranged in batteries to accommodate any desired number of persons can be had on application.

For roughing-in measurements see page 52

TWYFORDS' PATENT FLUSHERETTE

TWYFORDS' FLUSHERETTE is a patent valve introduced to take the place of the ordinary flushing cistern or tank. A few of its advantages are :—

- ¶ It is much more silent in action than the quietest cistern.
- ¶ All ball-valve and other cistern troubles are eliminated.
- ¶ Its neatness and compactness enhance the appearance of the complete fixture.
- ¶ It is admirably suited for use in cramped spaces.

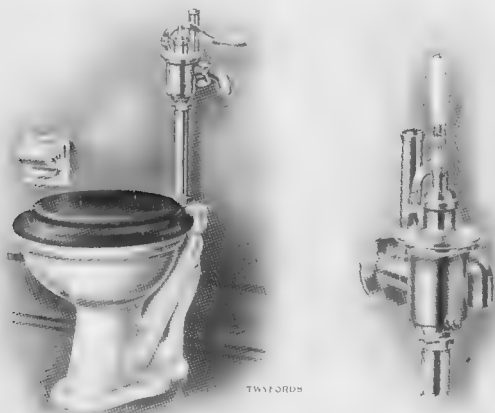

The Flusherette gives the same flush at each operation, and a continuous flow of water cannot be obtained, thus avoiding waste. Nearly all other flush valves are water-wasters, it only being necessary with these to keep the handle or push button depressed in order to obtain a continuous flush. Even more important than this when comparing the Flusherette with other flush valves is its absolute reliability. There are no delicate valves, rubber discs or like devices to be readily put out of order by grit or other foreign matter. The Flusherette is extremely simple in construction, with only two moving parts both made of hard non-corrosive gunmetal, and it is non-concussive.

By means of a regulating device, which is accessible without shutting off water, the Flusherette can be easily adjusted to give the exact volume of water necessary to efficiently flush the fixture to which it is attached. At the same time the regulating device cannot be tampered with by irresponsible persons.

The Flusherette is made for both low and high pressures. The low pressure type is suitable for any pressure from 3 to 30 lbs. per square inch, and the high pressure type for any ordinary main pressure beyond 30 lbs. For testing purposes at Works, the pressure under which Flusherettes are required to operate should be stated when ordering.

The Flusherette is fully protected by Canadian, British and Foreign Patents. The name is also registered

TWYFORDS' SANITARY FIXTURES

Nos. JL 36 and JL 37

No. JL 36 TWYFORDS' W.C. FIXTURE comprising "CV" chinaware "Laval" twin-jet syphon bowl; nickel plated Flusherette with chinaware handle; nickel plated flush bend with spud connection; piano polish seat and cover, mahogany finish, with nickel plated post hinges; brass floor flange with rubber washer and bolts.

No. JL 37 TWYFORDS' W.C. FIXTURE as above, but Flusherette with upright handle, as inset.

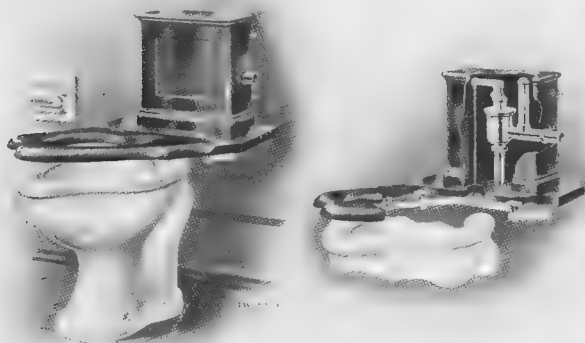

Dimensions

Bowl 16" high and $12\frac{1}{2}$ " \times 10" inside at top.

For description of Flusherette see preceding page. It is advisable to fix a stop valve on supply pipe so that the Flusherette can be uncoupled for examination of internal parts without inconvenience, or risk of flooding.

For roughing-in measurements see page 53

TWYFORDS' SANITARY FIXTURES

No. JL 38

No. JL 38 TWYFORDS' W.C. FIXTURE comprising "CV" chinaware "Sanoform" syphon bowl with lipped front and recessed back; brass Flushurette with seat action; flush bend with spud connection; genuine mahogany seat and enclosure, piano finish, with nickel plated post hinges; brass floor flange with rubber washer and bolts.

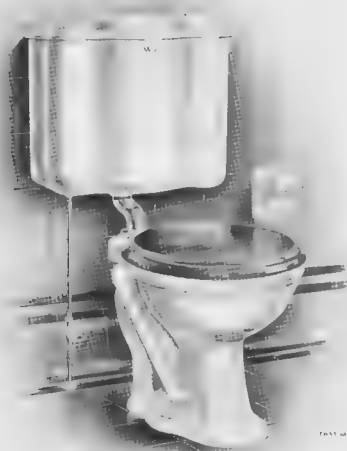

Dimensions

Bowl 16" high and $14\frac{1}{2}" \times 10\frac{1}{2}"$ inside at top.

This outfit which is one of the most sanitary, convenient and compact on the market, is recommended as thoroughly efficient in every respect. The Flushurette with seat-action device ensures a perfect and automatic flush immediately the user rises from seat, and the bowl—being lipped at front and recessed at back—represents an important hygienic improvement in respect of shape. The enclosure covers all metal fittings, but working parts are readily accessible in case of need, and the cutting of recess in wall is avoided. See page 23 for description of the Flushurette.

For roughing-in measurements see page 53

TWYFORDS' SANITARY FIXTURES

No. JL 39 "Convenient"

No. JL 39 TWYFORDS' "CONVENIENT" W.C. FIXTURE comprising "CV" chinaware "Laval" twin-jet syphon bowl; "CV" chinaware tank with supports and nickel plated push button; nickel plated flush bend with spud connection; nickel plated supply pipe with stop valve and floor flange; piano polish seat and cover, mahogany finish with nickel plated post hinges; brass floor flange with rubber washer and bolts.

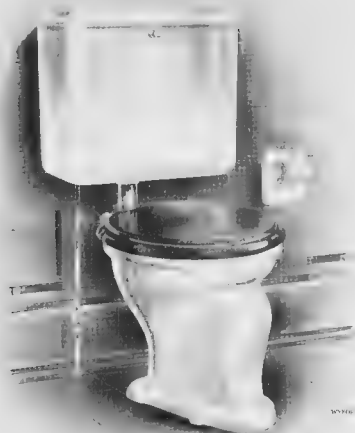

Dimensions

Bowl 16" high and $12\frac{1}{2}" \times 10"$ inside at top.

Any of the bowls illustrated on the pages following can be substituted in place of the "Laval."

For roughing-in measurements see page 53

TWYFORDS SANITARY FIXTURES

No. JL 40 "Convenient"

No. JL 40 TWYFORDS' "CONVENIENT" W.C. FIXTURE comprising "CV" chinaware "Minotaur" washdown syphon bowl; "CV" chinaware tank with supports and nickel plated push button; nickel plated flush bend with spud connection; nickel plated supply pipe with stop valve and floor flange; piano polish seat and cover, mahogany finish, with nickel plated post hinges; brass floor flange with rubber washer and bolts.

Dimensions

Bowl 16" high and 12" \times 10 $\frac{1}{2}$ " inside at top.

Any of the bowls illustrated on the pages following can be substituted in place of the "Minotaur."

For roughing-in measurements see page 54

TWYFORDS' SANITARY FIXTURES

No. JL 249 "Perfectaur"

No. JL 247 "Sanotaur"

No. JL 249 TWYFORDS' "PERFECTAUR" TWIN-JET SYPHON W.C. BOWL in "CV" Chinaware, with lipped front and anti-syphon connection.

No. JL 247 TWYFORDS' "SANOTAUR" TWIN-JET SYPHON W.C. BOWL in "CV" Chinaware, with raised rear vent.

Dimensions

"Perfectaur"	...	16" high and 14" \times 10 $\frac{1}{2}$ " inside at top.
"Sanotaur"	...	16" high at front and 12 $\frac{1}{2}$ " \times 10" inside at top.

The "Perfectaur" has the quickest and most powerful syphonic action of any bowl made. The anti-syphon connection prevents contents of bowl being syphoned out by emptying in slops.

The "Sanotaur" is the regular twin-jet syphon bowl with raised rear vent for connecting to ventilating shaft.

For roughing-in measurements see page 54

TWYFORDS S A N I T A R Y F I X T U R E S

No. JL 242 "Laval"

No. JL 250 "Sanoform"

No. JL 242 TWYFORDS' "LAVAL" TWIN-JET SYPHON W.C. BOWL in "CV" Chinaware.

No. JL 250 TWYFORDS' "SANOFORM" SYPHON W.C. BOWL in "CV" Chinaware, with lipped front and recessed back.

Dimensions

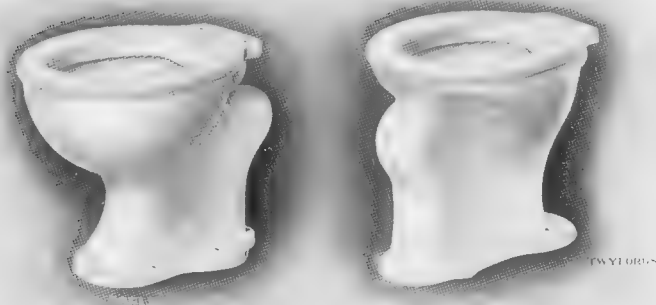

"Laval" ...	16" high and $12\frac{1}{2}"$ \times $10"$ inside at top.
"Sanoform" ...	16" " " $14\frac{1}{2}"$ \times $10\frac{1}{4}"$ " "

The "Laval" is the regular twin-jet syphon pattern but a very much finer bowl as regards finish and reliability than the average.

The "Sanoform" is lipped at front and recessed at back—a form obviously possessing sanitary advantages of importance. It is highly efficient in action.

For roughing-in measurements see page 55

TWYFORDS' SANITARY FIXTURES

No. JL 248 "Selectaur"

No. JL 245 "Minotaur"

No. JL 248 TWYFORDS' "SELECTAUR" SYPHON W.C. BOWL in "CV" Chinaware.

No. JL 245 TWYFORDS' "MINOTAUR" SYPHON W.C. BOWL in "CV" Chinaware.

Dimensions

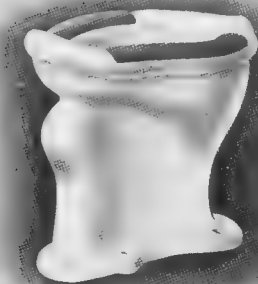

"Selectaur"	...	16" high and 12" × 10½" inside at top.
"Minotaur"	...	16" " " 12" × 10½" " "

The "Selectaur" is a washdown syphon, but with back trappage which allows the construction of a better shaped bowl without adversely affecting the flush.

The "Minotaur" is the standard washdown syphon pattern, and considering its absolute reliability, superior finish and low price it is the best value on the market.

For roughing-in measurements see pages 55 and 56

TWYFORDS' SANITARY FIXTURES

No. JL 251 "Servitaur"

No. JL 252 "Junitaur"

No. JL 251 TWYFORDS' "SERVITAUR" WASHDOWN SYPHON W.C. BOWL in "CV" Chinaware, with raised lip at front and hardwood "Inserta" pads.

No. JL 252 TWYFORDS' "JUNITAUR" SYPHON W.C. BOWL in "CV" Chinaware.

Dimensions

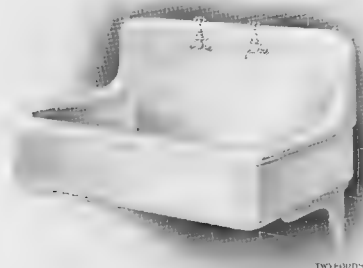

"Servitaur"	...	16" high and 13" x 10" inside at top.
"Junitaur"	...	14" " " 12" x 10" " "

The "Servitaur," with its raised lip at front, and special "Inserta" pads on rim instead of usual hinged seat, is exceptionally well suited for public use. The hardwood pads are much less likely to get soiled than is the case with seats extending all round the bowl, and the raised lip reduces likelihood of floor being soiled.

The "Junitaur" is a washdown syphon with back trappage introduced to meet the demand for a bowl somewhat smaller than the ordinary for the use of juniors, and for this purpose it is unsurpassed.

For roughing-in measurements see page 56

TWYFORDS' SANITARY FIXTURES

No. JL 76

No. JL 76 TWYFORDS' SINK in white enamelled "Adamant" Porcelain, with 9" integral back; nickel plated $\frac{1}{2}$ " compression bibbs; nickel plated 2" waste fitting with rubber plug; painted cast iron wall brackets.

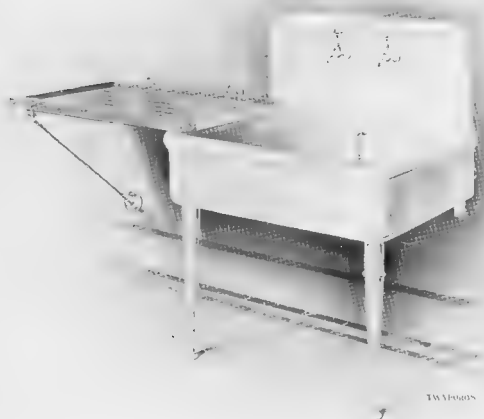

Dimensions

Overall	Depth inside
42" x 24"	7"
36" x 24"	7"
30" x 26"	7"
30" x 22"	7"
27" x 22"	7"
24" x 22"	7"

This sink can be supplied buff instead of white.

For roughing-in measurements see page 57

TWYFORDS' SANITARY FIXTURES

No. JL 77

No. JL 77 TWYFORDS' SINK in white enamelled "Adamant" Porcelain, with porcelain back 15" or 18" high; nickel plated $\frac{1}{2}$ " compression bibbs; nickel plated 2" waste fitting with rubber plug; painted cast iron legs and wall supports; grooved teakwood drainer 30" long, with nickel plated hinges and tubular support.

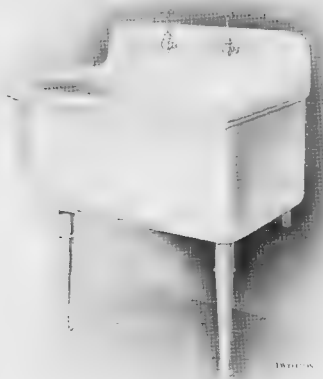

Dimensions

Overall	Depth inside
48" x 24"	7"
42" x 24"	7"
36" x 23"	7"
30" x 20"	7"
24" x 17"	6"

This sink can be supplied buff instead of white.

For roughing-in measurements see page 57

TWYFORDS' SANITARY FIXTURES

No. JL 11

No. JL 11 TWYFORDS' WASH TUB in white enamelled "Adamant" Porcelain, with 6" integral back; nickel plated $\frac{1}{2}$ " compression bibbs; nickel plated 2" waste fitting with rubber plug; painted cast iron legs and wall supports.

Dimensions

Overall	Depth inside
29" x 24"	15"
26" x 24"	15"
24" x 24"	15"

This wash tub can be supplied buff instead of white.

For roughing-in measurements see page 57

TWYFORDS' SANITARY FIXTURES

No. JL 614

No. JL 614 TWYFORDS' SLOP SINK in white enamelled "Adamant" Porcelain, with 12" integral back; nickel plated $\frac{1}{2}$ " compression bibbs; porcelain outlet grating; porcelain trap; hardwood "Inserta" rim.

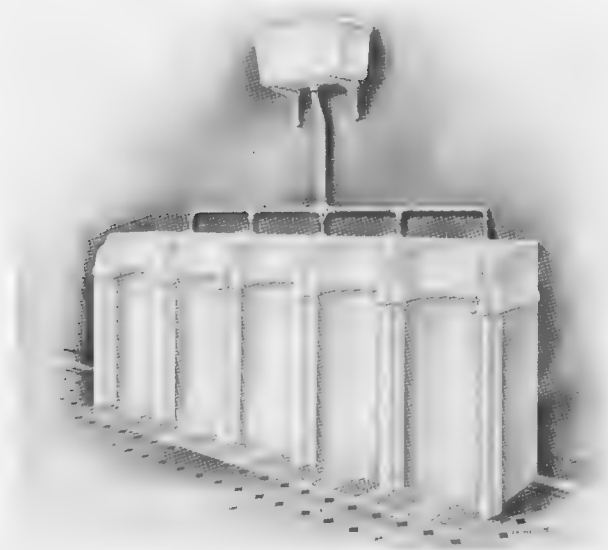

Dimensions

20" wide \times 21" back to front \times 26" high at front, overall sizes.

This slop sink can be supplied buff instead of white.

For roughing-in measurements see page 58

TWYFORDS' SANITARY FIXTURES

No. JL 106

No. JL 106 TWYFORDS' URINAL RANGE, comprising stalls, facings, automatic tank and mosaic tiled treads, all in white enamelled "Adamant" Porcelain; painted cast iron tank brackets; nickel plated flush pipes with spreaders; nickel plated dome shaped outlet grating.

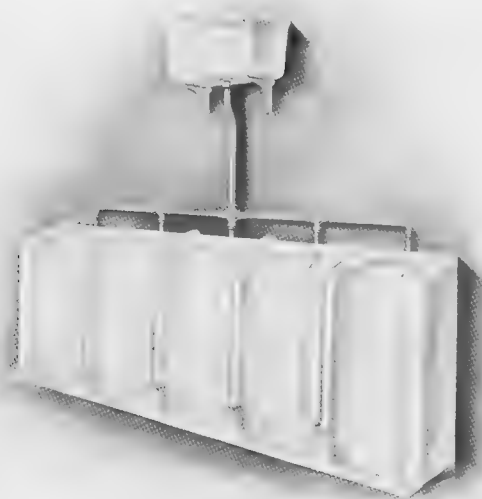

Dimensions

Height to top of facings	4' 4"
Centers	2' 0"
Projection from wall to front of facings	1' 5½"
Depth in floor	5½"

Illustration shows range for five persons, but it can be supplied with any number of stalls from two upwards; also buff instead of white.

For roughing-in measurements see page 58

TWYFORDS' SANITARY FIXTURES

No. JL 112

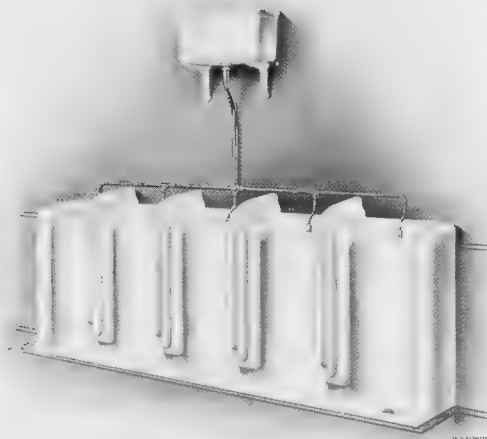

No. JL 112 TWYFORDS' URINAL RANGE, comprising stalls, facings, automatic tank and floor slips, all in white enamelled "Adamant" Porcelain; painted cast iron tank brackets; nickel plated flush pipes with spreaders; nickel plated dome shaped outlet grating.

Dimensions					Large size	Small size
Height to top of stalls	3' 6"	3' 0"
Centers	2' 0"	1' 8"
Projection from wall to front of facings	1' 0½"	1' 0½"
Depth in floor	5½"	5½"

These urinals can be made up to accommodate any desired number of persons, and can be supplied buff instead of white.

For roughing-in measurements see page 58

TWYFORDS' SANITARY FIXTURES

No. J.L. 124

No. J.L. 124 TWYFORDS' URINAL RANGE, comprising stalls, facings, automatic tank and floor slips, all in white enamelled "Adamant" Porcelain; painted cast iron tank brackets; nickel plated flush pipes with spreaders; nickel plated dome shaped outlet grating.

Dimensions

Height to top of facings	3' 11"
Centres	2' 0"
Projection from wall	1' 3½"
Depth in floor	5½"

These urinals can be made up to accommodate any desired number of persons, and be supplied buff instead of white.

TWYFORDS' SANITARY FIXTURES

No. JL 114

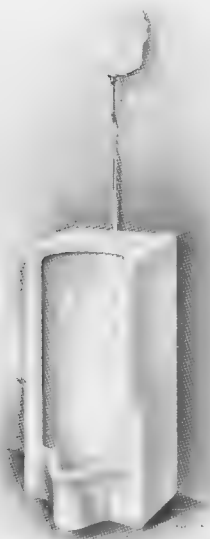

No. JL 114 TWYFORDS' URINAL RANGE, comprising stalls and automatic tank in white enamelled porcelain; painted cast iron tank brackets; nickel plated flush pipes with spreaders; nickel plated dome shaped outlet gratings.

Dimensions

Stalls	3' 9" high × 1' 6" wide
Centres	2' 0"
Projection from wall to front of lip	1' 2"

If stalls are fixed in floor as inset the height is reduced by 6"

TWYFORDS' SANITARY FIXTURES

No. JL 408

No. JL 408 TWYFORDS' URINAL in white enamelled "Adamant" Porcelain, with porcelain automatic tank and cover; nickel plated flush pipe with spreader; nickel plated dome shaped outlet grating.

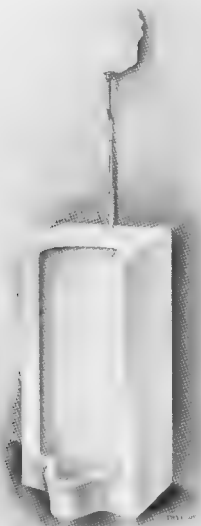

Dimensions

Height to top of stalls	4' 0"
Width overall	2' 0"
Projection from wall to front of facings	1' 6"

This is a high class urinal of substantial appearance having as its special feature a projecting lip at base rising to a height of 9" from floor. The object of this high lip is to prevent splashing from the urinal, an advantage very much appreciated in Clubs, Theatres, Hotels, &c.

For roughing-in measurements see page 59

TWYFORDS' SANITARY FIXTURES

No. JL 409

No. JL 409 TWYFORDS' URINAL in white enamelled "Adamant" Porcelain, with porcelain automatic tank and cover; nickel plated flush pipe with spreader; nickel plated dome shaped outlet grating.

Dimensions

Height to top of stall	4' 0"
Width overall	2' 0"
Projection from wall to front of facing	1' 6"

The above urinal is similar to one illustrated on previous page but with ordinary lip at base. It can, if desired, be let 6" into floor, bringing the top of lip into line with floor level.

For roughing-in measurements see page 59

TWYFORDS' SANITARY FIXTURES

No. JL 403

No. JL 403 TWYFORDS' URINAL in white enameled "Adamant" Porcelain, with porcelain automatic tank and cover; nickel plated flush pipe with spreader; nickel plated dome shaped outlet grating.

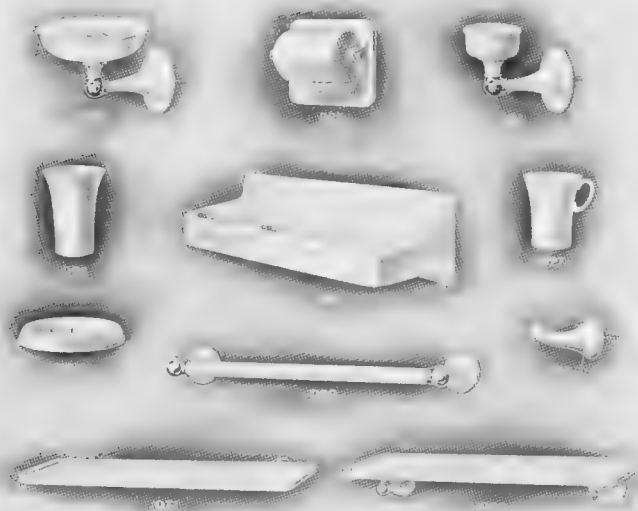

Dimensions

Height to top of stall	3' 6"
Width overall	2' 0"
Projection from wall to front of facing	1' 0"
Depth in floor	5½"

The moderate price of this urinal makes it a very popular pattern, and it can be recommended with every confidence. The same style of urinal can be had 1' 6" wide instead of 2' 0"

For roughing-in measurements see page 59

TWYFORDS' SANITARY FIXTURES

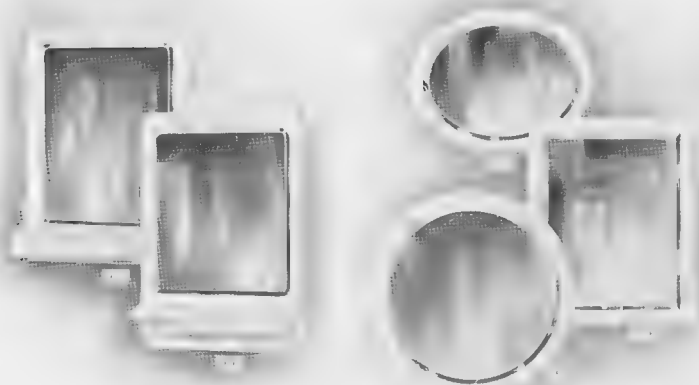

TWYFORDS

TWYFORDS' BATHROOM ACCESSORIES in "CV" Chinaware

- No. JL 922 Soap or Sponge Tray with nickel plated elbow
- " JL 923 Toilet Paper Holder with nickel plated rod
- " JL 924 Tumbler or Shaving Mug Holder with nickel
plated elbow
- " JL 925 Tumbler
- " JL 926 Combined Soap and Brush Tray
- " JL 927 Shaving Mug
- " JL 928 Soap Dish
- " JL 929 Towel Rail 24" long with nickel plated elbows
- " JL 930 Robe Hook
- " JL 931 Shelf 22" long \times 6" wide with nickel plated
brackets
- " JL 932 Shelf 22" long \times 6" wide with chinaware supports
having nickel plated elbows

The superior appearance and pronounced sanitary qualities of these Chinaware Bathroom Requisites appeal at a glance, and they are far ahead of the easily tarnished metal and absorbent wood fixtures

TWYFORDS' SANITARY FIXTURES

MIRRORS with "CV" Chinaware Frames.

TWYFORDS' MIRRORS in best silvered plate glass with bevelled edges and "CV" Chinaware frames.

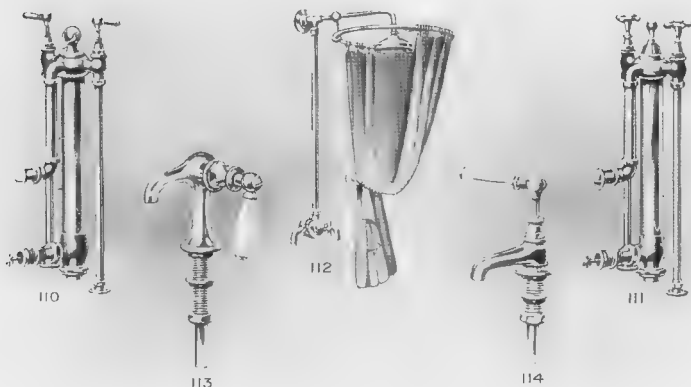

No. JL 901	Oblong with brush and comb tray
" JL 902	" " shelf
" JL 903	Oval
" JL 904	Oblong
" JL 905	Circular

Dimensions

No. JL 901	...	22" × 15"	overall sizes
" JL 902	...	22" × 15"	" "
" JL 903	...	15½" × 13"	" "
" JL 904	...	24" × 18"	" "
